

A SEGMENT OF OUR COURSE FACULTY

Drew Mosley, BA, Oklahoma State University, Stillwater; JD, Georgetown University Law Center, Washington, DC, USA: Drew Mosley is the President of Atlanta Graduate School. He practices law in the Atlanta Metropolitan Area of Georgia, United States of America. He has been licensed in Georgia since 2003 and in Arkansas since 2008. Drew is a trial and appellate attorney who handles business and family cases ranging from criminal defense to personal injury. At Georgetown Law Center, Drew was editor of one of the law journals and news editor of the law school newspaper. He has been reporting cases from the Georgia Court of Appeals and the Georgia Supreme Court. He is a member of the Bars of all Georgia courts, as well as most Georgia Federal District Courts, the Eleventh Circuit Court of Appeals, and the United States Supreme Court. Drew represents a diverse clientele in his practice, including many native Georgians and clients from Nigeria, Ghana, the Gambia, South Sudan, Cote d'Voire and other African and world nations. He feels blessed to work as an attorney, and to avail his forensic skill in whichever way he can in order to seek justice for deserving persons. Drew enjoys travel and learning about the legal systems in other countries and jurisdictions.

Professor Benjamin Berkman: BA, Harvard University; JD, M.PH, University of Michigan. Professor Berkman is a faculty member in the United States National Institute of Health (NIH), Department of Bioethics where he is the Head of the Section on the Ethics of Genetics and Emerging Technologies. He has a joint appointment in the National Human Genome Research Institute (NHGRI), where he serves as the Deputy Director of the NHGRI Bioethics Core. He was formerly the Deputy Director of the O'Neill Institute for National and Global Health Law at Georgetown University Law Center, Washington, District of Columbia (DC), United States of America. Professor Berkman's research interests span a wide range of topics, including legal and ethical issues associated with genomic research, genetic information privacy, and clinical adoption of new genetic and reproductive technologies.

LEAD WITH VISION.
MANAGE RESOURCES WITH INTEGRITY.
DELIVER MEASURABLE RESULTS.

In an era of rising financial pressures, increasing demands for transparency, rapid technological advancement and heightened expectations for institutional performance, effective leadership requires more than experience. It demands strategic thinking, financial discipline, sound governance, digital competence and a clear commitment to measurable results.

Geofidel Executive Education–London, UK, invites Chief Executive Officers, Permanent Secretaries, Directors-General, Executive Directors, Commissioners, Chief Financial Officers, Accountants-General, Auditors-General, Bursars, Directors of Finance, Procurement Directors and other senior public-sector and institutional leaders to participate in the International Executive Leadership, Public Finance & Governance Masterclass 2026, scheduled for 7–11 December 2026 in London, United Kingdom. This high-level executive development programme is designed to equip participants with practical leadership insights, contemporary governance frameworks and strategic management tools to improve institutional performance, strengthen financial sustainability and deliver greater value from available resources.

WHY THIS MASTERCLASS MATTERS

Public institutions and organisations are increasingly expected to achieve more with limited resources while maintaining transparency, accountability and public confidence. Leaders must therefore be equipped to make evidence-based decisions, manage financial risks, strengthen internal controls, improve procurement outcomes and harness digital innovation.

This Masterclass offers an opportunity to examine international management perspectives, exchange professional experiences and develop practical solutions to the leadership and governance challenges facing today's institutions.

KEY MASTERCLASS MODULES

1. Strategic Executive Leadership & Institutional Governance
Enhance strategic thinking, executive decision-making, leadership effectiveness, organisational accountability and performance-driven management.

2. Public Finance & Financial Sustainability
Strengthen budgeting, expenditure control, revenue optimisation, financial planning and the efficient allocation of scarce institutional resources.

3. Advanced Internal Control, Audit & Risk Governance
Develop stronger control systems, identify financial and operational risks, improve assurance mechanisms and promote a culture of accountability.

4. Strategic Procurement & Value-for-Money Management
Improve procurement planning, contract management, cost efficiency, transparency and value-for-money outcomes while supporting responsible resource utilization.

5. Digital Governance, Artificial Intelligence & Data-Driven Leadership
Explore how digital systems, artificial intelligence and data-informed decision-making can improve administrative efficiency, financial oversight and institutional performance, with appropriate attention to risk, ethics and accountability.

6. The 90-Day Institutional Transformation Blueprint
Develop a practical framework for translating executive learning into actionable priorities, measurable performance targets and institutional improvement initiatives within the first 90 days after the programme.

RETURN ON INVESTMENT (ROI): VALUE FOR THE PARTICIPANT AND THE SPONSORING ORGANISATION

This Masterclass is designed to deliver value beyond the training room. Its return on investment lies in the knowledge acquired, the quality of decisions improved, the risks better managed and the institutional results participants can help achieve after returning to work.

ROI FOR INDIVIDUAL PARTICIPANTS

- **Enhanced leadership capacity:** Strengthen executive confidence, strategic judgement and the ability to lead complex institutions.
- **Improved professional competence:** Acquire practical approaches to public finance, governance, risk management, procurement and digital transformation.
- **Greater career readiness:** Develop capabilities relevant to higher responsibilities, executive appointments and leadership succession.
- **International exposure:** Gain perspectives on contemporary leadership and governance practices within an international learning environment in London.
- **Professional networking:** Exchange ideas and experiences with fellow executives and institutional leaders.
- **Practical application:** Return with a 90-day transformation framework to guide improvements in the participant's area of responsibility.

ROI FOR SPONSORING ORGANISATIONS

- **Better executive decisions:** Equip senior officers to make more informed, strategic and evidence-based decisions.
- **Stronger financial stewardship:** Support improved budgeting, expenditure monitoring, revenue management and resource allocation.
- **Reduced exposure to avoidable risks:** Strengthen internal controls, risk awareness, compliance and institutional accountability.
- **Improved procurement outcomes:** Promote transparency, cost-conscious purchasing, effective contract oversight and value for money.
- **Increased productivity:** Apply modern management and digital approaches to streamline processes and improve service delivery.
- **Measurable institutional improvement:** Translate the training into a 90-day action plan with clear priorities, responsibilities and performance indicators.
- **Long-term organisational capacity:** Build leadership capability that can be shared with colleagues and embedded in institutional processes.

The ultimate ROI is not simply attendance at an international programme; it is the practical value created when enhanced leadership translates into better decisions, stronger controls, responsible spending and measurable institutional results.

WHY LONDON?

London provides an international setting in which participants can broaden their professional perspectives and engage with contemporary approaches to finance, governance, leadership, education and innovation. The programme is structured to encourage practical learning, professional exchange and the adaptation of relevant management practices to participants' respective institutions.

PROGRAMME BENEFITS

Participants will receive:

- Intensive executive training and facilitated learning.
- Executive course materials.
- An international professional learning experience in London.
- A Certificate of Executive Professional Development.
- Executive networking and professional exchange opportunities.
- Practical institutional transformation frameworks, including the 90-day action blueprint.

INVEST IN LEADERSHIP. STRENGTHEN YOUR INSTITUTION.

We invite ministries, departments, agencies, local governments, public corporations, educational institutions, financial institutions and private-sector organisations to nominate suitable senior executives and professional officers for this important international development opportunity.

Organisations that invest in leadership development strengthen their capacity to manage resources responsibly, improve institutional performance and respond effectively to emerging challenges. Every participant represents an opportunity to bring fresh insights, improved practices and a stronger results-oriented culture back to the workplace.

Reserve places for your executive team and take a practical step towards stronger leadership, better financial governance and sustainable institutional transformation.
